Story from Gen 1 & 2

Questions

1. It means not only that God made you and everyone else, He made everything else. There is nothing that exists (is now) that God didn't make.
2. When there was nothing but God, He spoke the Word (issued the command) and what He said happened (God's powerful creative Word). He didn't use something that was already there; He made something entirely new (Creation Ex-nihilo).
3. He made everything in six days (of essentially 24 hours each, give or take a minute or two). He didn't take millions of years.
4. This means that when God finished making all He made, it was just the way He wanted it, and there was no sin.

Gospel: After the Fall, everything was no longer good. Now we are full of sin when we are born, and the Creation is corrupted. But Jesus came to make all who will trust in Him new again and one day He will restore the whole Creation when He comes again.

Extras: Coloring picture-6 days of creation.
